

Restatex is a very famous annual Exhibit in Riyadh, Saudi Arabia. This project is to show every booth in the exhibit and its size, case reserved temporary or final reserved. It is exhibit reservation management. It contains:

- 1- Enter the booth names for specific exhibit. Here the admin can enter the booth area .
- 2-Booth reservation: Admin can enter the company which reserve specific booth and the type of the reservation
- 3-Draw the Exhibit and show the companies that reserve the booth and the type of the reservation when the user point to specific booth.
